CPCCCM1013 Plan and organise work
CPCCCM1013 Plan and organise work

Modification History
Release 1.
Supersedes and equivalent to CPCCCM1013A Plan and organise work.
The unit of competency was updated to the Standards for Training Packages 2012.
This version first released with CPC Construction, Plumbing and Services Training Package Version 4.0.

Application
This unit specifies the skills and knowledge required to plan and organise individual and group work activities on a construction site.

It includes:
- identifying task requirements
- planning steps and organising work
- prioritising work tasks
- organising time and resources to undertake given tasks effectively and cooperatively with other team members.

The unit supports the attainment of basic planning and organisational skills and knowledge by workers within the construction industry.

It applies to workers in the construction industry. It involves working under supervision in a team environment.

No licensing, legislative, or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit
