Assessment Requirements for CPCCS2002 Use solid plastering tools and equipment

Release: 1

Assessment Requirements for CPCCSP2002 Use solid plastering tools and equipment

Modification History

Release 1 This version first released with CPC Construction, Plumbing and Services Training Package Release 5.0.

Supersedes and equivalent to CPCCSP2002A Use solid plastering tools and equipment. Updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency, a candidate must satisfy all of the elements, performance criteria and foundation skills of this unit by using all of the following solid plastering tools and equipment on a minimum of three different solid plastering tasks:

- a power grinder
- a cement mixer
- a power saw
- an air compressor
- a level
- a float
- a sponge float
- a screed
- a shovel
- a wheel barrow
- mud board and stand
- tin snips
- water brush
- a paint brush
- a handboard/hawk
- a screw gun
- a hammer
- a comb
- a sprayline
- a small tool
- a tape measure.

All work must be performed to the standard required in the workplace and must comply with laws and regulations, Australian Standards, work health and safety (WHS) and environmental requirements, manufacturers' specifications, workplace requirements, drawings and specifications.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- compliance requirements of Australian Standards for using solid plastering tools and equipment
- manufacturers' specifications for solid plastering tools and equipment
- workplace quality policies and standards for using solid plastering tools and equipment
- safety requirements for using solid plastering tools and equipment, including:
 - job safety analyses and/or safe work method statements in accordance with Safe Work Australia *Code of Practice for Construction Work* or state and/or territory equivalent
 - safety data sheets (SDS)
 - personal protective equipment (PPE)
- environmental requirements for using solid plastering tools and equipment
- functional and operational features of tools and equipment, including:
 - a power grinder
 - a cement mixer
 - a power saw
 - an air compressor
 - a level
 - a float
 - a sponge float
 - a screed
 - a shovel
 - a wheel barrow
 - mud board and stand
 - tin snips
 - water brush
 - a paint brush
 - a handboard/hawk
 - a screw gun
 - a hammer
 - a comb
 - a sprayline
 - a small tool
 - a tape measure.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

This unit must be assessed in the workplace or a close simulation using realistic workplace conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.
