CPC32612 Certificate III in Roof Plumbing

Release 3

CPC32612 Certificate III in Roof Plumbing

Modification History

Release 3 This version first released with CPC08 Construction, Plumbing and Services Training Package Release 9.5.

Inclusion of prerequisite unit CPCCWHS2001 Apply WHS requirements, policies and procedures in the construction industry in the elective units.

Release 2 Update superseded imported units from elective list with equivalent current unit for:

- RIICCM210A to RIICCM210D

This version released with CPC08 Version 9.3.

Release 1 Revised qualification deemed not equivalent to CPC32611.

Change to core units:

- a number of units replaced with updated versions
- a number of units revised resulting in unit identifier changes
- CPCPCM2011A replaced with imported unit HLTFA211A
- Change to elective units:
- a number of units replaced with updated versions

Description

This qualification provides a trade outcome in roof plumbing.

Occupational titles may include:

- Roof plumber.

The qualification has core and elective unit of competency requirements that cover some common skills for the plumbing industry, as well as roof plumbing specialist units of competency.

The plumbing industry strongly affirms that training and assessment leading to recognition of skills must be undertaken in a real or very closely simulated workplace environment and this qualification requires all units of competency to be delivered in this context.

Completion of the general induction training program specified by the National Code of

Practice for Induction Training for Construction Work (ASCC 2007) is required before entering a construction work site. Achievement of unit CPCCOHS1001A covers this requirement.

Employability Skills Summary

Employability skill	Industry/enterprise requirements for this qualification include:
Communication	<ul style="list-style-type: none">• Communicates with clients, colleagues and others using effective and appropriate communication techniques, including:<ul style="list-style-type: none">• Clear and direct communication• Active listening• Verbal and non-verbal language• Questioning to identify and confirm requirements• Language and concepts appropriate to cultural differences• Follows instructions from supervisor and other relevant persons• Understands, interprets and applies information as required from:<ul style="list-style-type: none">• Regulatory, legislative, licensing and organisational requirements• Environmental and OHS requirements, including material safety data sheets (MSDS)• Codes and standards• Plans, drawings and specifications• Schedules• Load tables• Designs• Safety signs and symbols• Organisational policies and procedures

Employability skill	Industry/enterprise requirements for this qualification include:
	<ul style="list-style-type: none"> • Understands relevant definitions, terminology, symbols, abbreviations and language • Uses industry-accepted visual communications, including hand signals • Reports and records routine workplace and regulatory information • Applies measurements and calculations using appropriate equipment, formulas and records as required • Reports and records hazards and risks • Produce drawings and sketches
Teamwork	<ul style="list-style-type: none"> • Works as part of a team • Provides assistance and encouragement to other team members • Initiates and encourages improvements in team performance • Works with others to plan and sequence tasks • Identifies and utilises the strengths of other team members • Relates to people from diverse social, cultural and ethnic backgrounds and with varying physical and mental abilities • Participates in workplace meetings
Problem solving	<ul style="list-style-type: none"> • Responds effectively to hazards, risks, emergencies and first aid situations • Examines tools and equipment prior to use for damage, missing components or other defects • Identifies typical faults and problems and takes remedial actions and/or reports to supervisor • Rectifies simple faults with tools and equipment • Locates and clears plumbing blockages • Test systems and components • Rectifies incorrect roofing installations • Assesses roof work site safety
Initiative and enterprise	<ul style="list-style-type: none"> • Maximises use of resources by recycling, re-using or using appropriate disposal methods • Responds to change and workplace challenges • Designs and fabricates roof coverings • Determines requirements for roof water storage
Planning and	<ul style="list-style-type: none"> • Prepares work area • Identifies and obtains necessary documentation

Employability skill	Industry/enterprise requirements for this qualification include:
organising	<ul style="list-style-type: none"> • Collects, analyses and organises workplace information • Selects and uses appropriate materials, tools and equipment • Carries out site inspections • Determines material quantity requirements and conformity to requirements • Coordinates delivery of materials • Determines installation requirements • Fabricates, sets out and installs metal roofing and cladding components and systems and pipe systems • Installs and operates drainage systems • Prioritises and sequences tasks • Applies time management skills to ensure work is completed to time requirements
Self management	<ul style="list-style-type: none"> • Recognises obligations and accepts responsibility for own work and safety • Recognises quality requirements and completes work to expected standard • Identifies personal career development needs and sets own and team work goals • Participates in workplace induction • Cleans up work area, including tools and equipment • Seeks support to improve work performance
Learning	<ul style="list-style-type: none"> • Identifies own learning needs and seeks skill development as required • Is open to learning new ideas and techniques • Participates in workplace induction
Technology	<ul style="list-style-type: none"> • Uses electricity and electrical equipment safely • Uses and operates a range of tools and equipment correctly and safely • Properly starts up, operates and shuts down equipment • Identifies technological trends that may affect the plumbing and services sector • Carries out pre- and post-operational checks on tools and equipment • Performs tool and equipment maintenance as required

Packaging Rules

To achieve this qualification, the candidate must demonstrate competency in:

- 25 units of competency:
 - 22 core units
 - 3 elective units.

Some units in this qualification may have prerequisite requirements, which must be met when packaging the qualification. Users are referred to the list of CPC08 units with prerequisite unit requirements available in this Training Package for this purpose.

Core

CPCCCM2008B	Erect and dismantle restricted height scaffolding
CPCCCM2010B	Work safely at heights
CPCCCM3001C	Operate elevated work platforms
CPCPCM2039A	Carry out interactive workplace communication
CPCPCM2040A	Read plans and calculate plumbing quantities
CPCPCM2041A	Work effectively in the plumbing and services sector
CPCPCM2043A	Carry out WHS requirements
CPCPCM2045A	Handle and store plumbing materials
CPCPCM2046A	Use plumbing hand and power tools
CPCPCM2047A	Carry out levelling
CPCPCM2048A	Cut and join sheet metal
CPCPCM2050A	Mark out materials
CPCPCM2055A	Work safely on roofs
CPCPCM3021A	Flash penetrations through roofs and walls
CPCPRF2022A	Select and install roof sheeting and wall cladding
CPCPRF3021A	Receive roofing materials
CPCPRF3022A	Fabricate and install roof drainage components

CPCPRF3023A	Fabricate and install external flashings
CPCPRF3024A	Install roof components
CPCPRF3025A	Install roof coverings to curved roof structures
CPCPRF3026A	Install composite roof systems
HLTFA211A	Provide basic emergency life support

Elective units

CPCCPB3015A	Install acoustic and thermal environmental protection systems
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry in the elective units.
CPCCRI3001A	Operate personnel and materials hoists
CPC CST2005A	Carry out load slinging of off-site materials
CPCPCM2049A	Cut using oxy-LPG-acetylene equipment
CPCPCM2052A	Weld using oxy-acetylene equipment
CPCPCM2053A	Weld using manual metal arc welding equipment
CPCPCM2054A	Carry out simple concreting and rendering
CPCPCM3022A	Weld polyethylene and polypropylene pipes using fusion method
CPCPCM3023A	Fabricate and install non-ferrous pressure piping
CPCPDR2021A	Locate and clear blockages
CPCPDR2024A	Install stormwater and sub-soil drainage systems
CPCPDR2025A	Drain work site
CPCPDR2026A	Install prefabricated inspection openings and enclosures
CPCPMS3032A	Select and fit insulation and sheathing
CPCPRF2023A	Collect and store roof water

CPCPRF2024A	Fabricate roof coverings for curved structures
MEM05049B	Perform routine gas tungsten arc welding
MEM05050B	Perform routine gas metal arc welding
RIICCM210D	Install trench support
