CPC40708 Certificate IV in Building and Construction (Trade Contracting)

Release: 5

CPC40708 Certificate IV in Building and Construction (Trade Contracting)

Modification History

Version Comment

- 1 Revised qualification deemed equivalent to CPC40708
- 2 Core and elective units revised resulting in a number of unit identifier changes
- 4 Version 4 of this qualification replaces superseded equivalent elective unit CPCCOHS1001A with CPCCWHS1001 Prepare to work safely in the construction industry
- 5 Update superseded imported units from elective list with equivalent current unit for:
 - BSBITU201A to BSBITU201
 - BSBITU202A to BSBITU202
 - BSBITU301A to BSBITU301
 - BSBMGT403A to BSBMGT403
 - BSBPMG510A to BSBPMG522
 - BSBSMB401A to BSBSMB401
 - BSBSMB402A to BSBSMB402
 - BSBSMB404A to BSBSMB404
 - BSBSMB405B to BSBSMB405
 - BSBWOR402A to BSBLDR403
 - BSBWRT401A to BSBWRT401
 - TAEDEL402A to TAEDEL402

This version released with CPC08 Version 9.3.

Description

This qualification is designed to meet the needs of trade contractors who manage trade contracting businesses.

Occupational titles may include:

- Trade contractor.

The qualification has core unit of competency requirements that cover common skills for the construction industry.

The construction industry strongly affirms that training and assessment leading to recognition of skills must be undertaken in a real or very closely simulated workplace environment and this qualification requires all units of competency to be delivered in this context.

Completion of the general induction training program specified by the National Code of Practice for Induction Training for Construction Work (ASCC 2007) is required before entering a construction work site. Achievement of unit CPCCOHS1001A covers this requirement.

Additional units of competency may be required to meet builder registration requirements in various States and Territories.

Employability Skills Summary

| Employability skill | Industry/enterprise requirements for this qualification include: |
|------------------------|--|
| Communication | <ul style="list-style-type: none"> • Interprets a range of complex and technical documents, including relevant regulatory, legislative and licensing requirements, codes and standards, plans, drawings and specifications, schedules, site files, contracts, orders and organisational policies and procedures • Analyses and evaluates reports and reference materials • Provides clear and accurate information to customers about the construction process and requirements and contracts • Communicates effectively with a range of relevant parties through a range of media • Articulates complex ideas clearly • Understands relevant definitions, terminology, symbols and language • Negotiates contracts as well as conflict and dispute resolution • Prepares documents, including construction contracts, plans, sketches and drawings and specifications, reports, tenders, schedules, building applications and submissions and file notes • Reports and records project costs • Maintains and checks logs, records and documents • Analyses a range of data, including company and stakeholder resource consumption and waste product volumes |
| Teamwork | <ul style="list-style-type: none"> • Coordinates a range of team members and activities • Seeks expert advice where appropriate • Works collaboratively with relevant stakeholders • Understands various stakeholders' roles • Relates positively to fellow workers and the management team • Relates to people from diverse social, cultural and ethnic backgrounds and with varying physical and mental abilities |
| Problem solving | <ul style="list-style-type: none"> • Performs various calculations relating to rise and fall amounts, estimating resource acquisition and costs, comparisons of alternative water management systems; waste management minimisation strategies; and thermal efficiency |

| Employability skill | Industry/enterprise requirements for this qualification include: |
|----------------------------------|--|
| | <ul style="list-style-type: none"> • Takes action to minimise contract penalties • Identifies and rectifies faults • Responds effectively to hazards, risks and emergencies • Analyses problems and applies remedial solutions • Resolves business disputes • Deals with contract variations • Takes action to minimise contract penalties • Analyses rejected building applications and determines the likely success of an appeal or a resubmission • Devises approaches, implements and reflects on environmental and water, energy and resource efficiency management policies and procedures relevant to work site to improve environmental sustainability and shares alternative approaches as required |
| Initiative and enterprise | <ul style="list-style-type: none"> • Acts with initiative and foresight to ensure legal requirements are applied accurately • Develops compliant, alternative solutions to construction problems • Evaluates properties of construction materials and selects appropriate materials based on evaluation • Identifies opportunities for improved water management • Evaluates effective strategies for insulating structures • Develops waste management strategies and dispute resolution procedures • Identifies environmental and resource efficiency improvements, applies knowledge about resource use to organisational activities and customer service and develops resource efficiency tools |
| Planning and organising | <ul style="list-style-type: none"> • Plans and coordinates various work operations • Prepares project schedule • Participates in effective implementation of organisation's operational plans • Plans and organises on-site activities and implements procedures associated with building and construction work • Identifies and organises resource requirements and obtains supply information • Supervises various administrative and work processes, including payments |

| Employability skill | Industry/enterprise requirements for this qualification include: |
|----------------------------|---|
| | <ul style="list-style-type: none"> • Collects, analyses and organises workplace information and data • Plans and organises inspections • Organises testing of construction materials to ensure suitability |
| Self management | <ul style="list-style-type: none"> • Manages own performance to ensure required levels of service standards, work quality and professional competence • Manages work priorities and professional development • Uses feedback to improve own performance • Organises and completes daily work activities |
| Learning | <ul style="list-style-type: none"> • Is open to new ideas and techniques • Seeks feedback on personal performance • Uses information effectively to improve work performance • Learns from colleagues as part of effective teamwork |
| Technology | <ul style="list-style-type: none"> • Operates office equipment and computers • Uses digital cameras • Uses technology to improve efficiency and effectiveness of managing work |

Packaging Rules

To achieve this qualification, the candidate must demonstrate competency in:

- 15 units of competency:
 - 10 core units
 - 5 elective units.

The elective units are to be chosen as follows:

- up to 5 units from general elective units
- up to 3 units from qualifications in CPC08 or another current Training Package or state accredited course, provided the integrity of the AQF alignment is ensured, they

contribute to a valid, industry-supported vocational outcome, and that no more than:

- 2 units are from a Certificate IV qualification
- 1 unit is from a Certificate III or Diploma qualification.

Some units in this qualification may have prerequisite requirements, which must be met when packaging the qualification. Users are referred to the list of CPC08 units with prerequisite unit requirements available in this Training Package for this purpose.

Core units

| | |
|--------------|--|
| BSBCUS301B | Deliver and monitor a service to customers |
| BSBSMB406A | Manage small business finances |
| BSBWOR401A | Establish effective workplace relationships |
| CPCCBBC4002A | Manage occupational health and safety in the building and construction workplace |
| CPCCBBC4004A | Identify and produce estimated costs for building and construction projects |
| CPCCBBC4005A | Produce labour and material schedules for ordering |
| CPCCBBC4008B | Conduct on-site supervision of building and construction projects |
| CPCCBBC4012B | Read and interpret plans and specifications |
| CPCCBBC4024A | Resolve business disputes |
| CPCCBBC4034A | Apply codes and standards to building trade and services contracting |

Elective units

| | |
|-----------|---|
| BSBLDR403 | Lead team effectiveness |
| BSBITU201 | Produce simple word processed documents |
| BSBITU202 | Create and use spreadsheets |

| | |
|--------------|--|
| BSBITU301 | Create and use databases |
| BSBMGT403 | Implement continuous improvement |
| BSBPMG404A | Apply quality management techniques |
| BSBPMG407A | Apply risk management techniques |
| BSBPMG522 | Undertake project work |
| BSBSMB401 | Establish legal and risk management requirements of small business |
| BSBSMB402 | Plan small business finances |
| BSBSMB404 | Undertake small business planning |
| BSBSMB405 | Monitor and manage small business operations |
| BSBWRT401 | Write complex documents |
| CPCCCBC4003A | Select and prepare a construction contract |
| CPCCCBC4007A | Plan building or construction work |
| CPCCCBC4010B | Apply structural principles to residential low rise constructions |
| CPCCCBC4011B | Apply structural principles to commercial low rise constructions |
| CPCCCBC4013A | Prepare and evaluate tender documentation |
| CPCCCBC4017A | Arrange resources and prepare for the building or construction project |
| CPCCCBC4019A | Apply sustainable building design principles to water management systems |
| CPCCCBC4020A | Build thermally efficient and sustainable structures |
| CPCCCBC4021A | Minimise waste on the building and construction site |
| CPCCCBC4025A | Manage personal work priorities and professional development |
| CPCCCBC4031A | Process client requirements |
| CPCCCBC4032A | Apply contract law to sales processes |
| CPCCCBC4051A | Supervise asbestos removals |

| | |
|-------------|--|
| CPCCWHS1001 | Prepare to work safely in the construction industry |
| CPCSUS4001A | Implement and monitor environmentally sustainable work practices |
| HLTHIR403C | Work effectively with culturally diverse clients and co-workers |
| TAEDEL402 | Plan, organise and facilitate learning in the workplace |
