# **CPP30115 Certificate III in Urban Pest Management**

**Release: 1**

# CPP30115 Certificate III in Urban Pest Management

## Modification History

Release 1.

This qualification replaces superseded equivalent CPP30911 Certificate III in Pest Management.

This version first released with CPP Property Services Training Package Version 2.

## Qualification Description

This qualification reflects the roles of pest management technicians who are required to identify common urban pests, assess pest problems, consider pest management options, develop pest management plans, liaise with customers and implement pest management strategies.

In most cases, the technician will work alone and have responsibility for managing chemicals and equipment used in pest management as well as for a pest management vehicle, including the vehicle storage area.

Licensing, legislative, regulatory or certification requirements apply to pest management in some States. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

**^ From 1 July 2022 the elective unit HLTAID003 must no longer be delivered and will be replaced in the Packaging Rules by the unit HLTAID011 - for more information see: <https://asqa.gov.au/news-events/news/reminder-about-superseded-hlt-first-aid-units>**

## Entry Requirements

There are no entry requirements for this qualification.

## Packaging Rules

To achieve this qualification, competency must be demonstrated in:

- 13 units of competency:
  - 9 core units
  - 4 elective units.

The elective units must ensure the integrity of the AQF alignment and contribute to a valid, industry-supported vocational outcome and are to be chosen as follows:

- up to 4 units and no less than 2 units from the elective units listed below
- up to 2 units from other Certificate III or Certificate IV qualifications in CPP, or another current Training Package or accredited course, provided they do not duplicate the

outcome of another unit chosen for the qualification.

<b>Core units</b>	
CPPCMN3004	Respond to enquiries and complaints
CPPPMT3002	Assess, advise on options, and develop pest management plans for complex or high risk operations
CPPPMT3005	Manage pests without applying pesticides
CPPPMT3006	Manage pests by applying pesticides
CPPPMT3007	Implement pest management plans for complex or high risk operations
CPPPMT3017	Maintain, service and repair pest management equipment
CPPPMT3018	Maintain equipment and pesticide storage area in pest management vehicles
CPPPMT3026	Select pest management vehicle and equipment
CPPPMT3043	Prepare and present pest management proposals for complex or high risk operations
<b>Elective units</b>	
BSBSMB407	Manage a small team
CPPPMT3008	Inspect for and report on timber pests
CPPPMT3010	Control timber pests
CPPPMT3011	Manage organisms by applying fumigants to commodities and environments
CPPPMT3019	Organise and monitor pest management operations
CPPPMT3029	Plan and schedule pest management operations
