CPP30216 Certificate III in Surveying and Spatial Information Services

Release: 3

CPP30216 Certificate III in Surveying and Spatial Information Services

Modification History

Version Comment

- 1 Replaces superseded equivalent CPP30112 Certificate III in Surveying and Spatial Information Services. This version first released with CPP Property Services Training Package Version 3.
- 2 Replaces superseded core unit CPCCOHS1001A Work safely in the construction industry with core unit CPCCWHS1001 Prepare to work safely in the construction industry. This version released with CPP Property Services Training Package Version 4.1.
- 3 Update to superseded imported elective unit TLIC2025A to equivalent unit TLIC2025.
This version released with CPP Property Services Training Package Version 4.2.

Qualification Description

This qualification reflects the role of surveying or spatial information services assistants. These people provide support under supervision to a surveying or spatial information services team. They perform a range of duties, from collecting basic spatial data and providing field support services, to simple drafting and map production.

Licensing, legislative, regulatory or certification requirements apply in some States where cadastral and mining surveying must be undertaken under the supervision of a registered surveyor. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

This qualification is suitable for an Australian apprenticeship pathway.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To achieve this qualification, competency must be demonstrated in:

- 11 units of competency:
 - 5 core units
 - 6 elective units.

The elective units must ensure the integrity of the AQF alignment and contribute to a valid, industry-supported vocational outcome and are to be chosen as follows:

- all 6 units may be chosen from the elective units listed below
- up to 2 units may be chosen from other Certificate II, III or IV qualifications in CPP, or another current Training Package or accredited course, provided they do not duplicate the outcome of another unit chosen for the qualification.

Core units

CPCCWHS1001	Prepare to work safely in the construction industry
CPPSIS3011	Produce basic maps
CPPSIS3015	Collect basic surveying data
CPPSIS3019	Produce basic plans of surveys
CPPSIS3020	Perform basic surveying computations

Elective units

CPPSIS3016	Provide field support services for surveying and spatial projects
CPPSIS3018	Transfer loads
CPPSIS3021	Visually interpret image data
CPPSIS4022	Store and retrieve spatial data
CPPSIS4030	Operate surveying equipment
CPPSIS4039	Design and produce maps
HLTAID003	Provide first aid
ICTICT203	Operate application software packages

RIISTD201D Read and interpret maps

TLIC2025 Operate four wheel drive vehicle
