</table>

**Qualification Description**

This qualification reflects the role of surveying or spatial information services assistants. These people provide support under supervision to a surveying or spatial information services team. They perform a range of duties, from collecting basic spatial data and providing field support services, to simple drafting and map production.

Licensing, legislative, regulatory or certification requirements apply in some States where cadastral and mining surveying must be undertaken under the supervision of a registered surveyor. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

This qualification is suitable for an Australian apprenticeship pathway.

**Entry Requirements**

There are no entry requirements for this qualification.
Packaging Rules

To achieve this qualification, competency must be demonstrated in:

- 11 units of competency:
  - 5 core units
  - 6 elective units.

The elective units must ensure the integrity of the AQF alignment and contribute to a valid, industry-supported vocational outcome and are to be chosen as follows:

- all 6 units may be chosen from the elective units listed below
- up to 2 units may be chosen from other Certificate II, III or IV qualifications in CPP, or another current Training Package or accredited course, provided they do not duplicate the outcome of another unit chosen for the qualification.

Core units

- CPCCWHS1001 Prepare to work safely in the construction industry
- CPPSIS3011 Produce basic maps
- CPPSIS3015 Collect basic surveying data
- CPPSIS3019 Produce basic plans of surveys
- CPPSIS3020 Perform basic surveying computations

Elective units

- CPPSIS3016 Provide field support services for surveying and spatial projects
- CPPSIS3018 Transfer loads
- CPPSIS3021 Visually interpret image data
- CPPSIS4022 Store and retrieve spatial data
- CPPSIS4030 Operate surveying equipment
- CPPSIS4039 Design and produce maps
- HLTAID003 Provide first aid
- ICTICT203 Operate application software packages
RIISTD201D  Read and interpret maps
TLIC2025  Operate four wheel drive vehicle
