**Assessment Requirements for
CPPACC4009 Conduct transport premises
access audits**

Release: 1

Assessment Requirements for CPPACC4009 Conduct transport premises access audits

Modification History

Release 1 This unit first released with CPP Property Services Training Package Release 14.0.

Supersedes and is equivalent to CPPACC4009A Conduct a transport premises access audit. Minor change to unit title.

Unit updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency, a candidate must meet the elements and performance criteria of this unit by conducting access audits of two different types of transport premises.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- Commonwealth, state and territory legislation, regulations, codes and standards relevant to transport premises access audits:
 - anti-discrimination and disability discrimination
 - Disability (Access to Premises - Buildings) Standards 2010 and Disability Standards for Accessible Public Transport 2002 under the Disability Discrimination Act 1992 (or their successors) - known as the Access to Premises Standards and Transport Standards
 - National Construction Code (NCC) building classifications and access requirements
 - National Disability Insurance Scheme (NDIS) Specialist Disability Accommodation Design Standard (or its successor)
 - Livable Housing Australia Livable Housing Design Guidelines (or its successor)
 - principles of universal design
 - privacy and confidentiality
- interpersonal communication strategies used to effectively relate to people from a range of social, cultural and ethnic backgrounds and with a range of physical and cognitive abilities
- methods for assessing transport premises access for people with disability:
 - measurements and calculations used to determine provisions for access
 - fitout of transport premises required to be accessible
 - minimum requirements of transport premises spaces
- negotiation techniques
- purpose and content of transport premises audit checklists

- strategies that can be used to address areas of access non-compliance associated with transport premises
- types of disability and limitations that each disability places on an individual's ability to access the environment
- types of buildings that can be classified as transport premises according to the NCC
- workplace requirements for conducting transport premises access audits:
 - documentation and records administration
 - format and content of:
 - client contractual arrangements
 - transport premises access audit reports
 - quality
 - site access arrangements
 - work health and safety (WHS) including personal protective equipment (PPE)
 - work role boundaries - responsibilities, limitations and professional abilities.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or a simulated workplace using realistic conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.

Candidates must have access to documentation, tools and equipment, transport premises and technologies required to achieve the performance criteria and performance evidence.
