# CPPDSM4009 Interpret legislation to complete work in the property industry

## Modification History

Release 1.

Replaces superseded equivalent CPPDSM4009B Interpret legislation to complete agency work.

This version first released with CPP Property Services Training Package Version 5.

## Application

This unit of competency specifies the outcomes required to source and interpret legislation affecting operations in the property industry. It includes identifying and applying statutory interpretation techniques, identifying and tracking changes to relevant property industry legislation and industry codes of conduct, and maintaining appropriate records.

The unit supports the work of professionals in the property industry, including licensed real estate and stock and station agents, strata managers and their authorised representatives, with regard to identifying, interpreting and applying legislation and industry codes of conduct affecting property operations.

Licensing, legislative, regulatory or certification requirements apply to this unit in some States and Territories. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.
