CPPINV3027 Develop investigation plans

Modification History

Release 1 This version first released with CPP Property Services Training Package Release 9.0.

Supersedes and is equivalent to CPPSEC3027A Develop investigative plan.
Updated to meet the Standards for Training Packages

Application

This unit specifies the skills and knowledge required to develop and document an investigation plan. It includes scoping investigation parameters, selecting investigation methodologies based on factual and surveillance techniques, and ensuring legal compliance for investigative and evidence collection processes.

A person working at this level would be expected to take responsibility for organising and completing tasks assigned to them without close supervision.

This unit forms part of the licensing requirements for people engaged in investigative services in some states and territories. For further information, check with the relevant regulatory authority.

Pre-requisite Unit

None.
