Release: 1

CPPINV3028 Investigate and locate subjects

Modification History

Release 1 This version first released with CPP Property Services Training Package Release 9.0.

New unit.

Application

This unit specifies the skills and knowledge required to locate subjects using investigative search techniques. It includes researching the subject's background information and possible whereabouts, searching open source intelligence, databases, public records and documentation, and identifying and following leads to trace and locate the subject.

A person working at this level would be expected to take responsibility for organising and completing tasks assigned to them without close supervision.

This unit forms part of the licensing requirements for people engaged in investigative services in some states and territories. For further information, check with the relevant regulatory authority.

Pre-requisite Unit

None.
