Assessment Requirements for CPPREP4508 Conduct livestock auction

Release: 1

Assessment Requirements for CPPREP4508 Conduct livestock auction

Modification History

Release 1 This version first released with CPP Property Services Training Package Release 8.0.

Supersedes and is equivalent to CPPDSM4039A Conduct livestock sale by auction.

Updated to the Standards for Training Packages.

Performance Evidence

To demonstrate competency in this unit, a person must:

- call one auction, including:
 - opening
 - managing bids
 - closing
- prepare two reports for the following auction scenarios:
 - livestock passed in
 - livestock sold
- develop a report assessing personal performance for the auction conducted; the report must identify personal strengths and opportunities for improvement.

In doing this, the person must meet the performance criteria for this unit.

Knowledge Evidence

To be competent in this unit, a person must demonstrate knowledge of:

- auctioneer role, responsibilities and risks
- reserve price:
 - definition
 - purpose
 - setting
- auction instructions and auction day procedures
- auction documentation
- auction aids and equipment
- staff required to support livestock auction
- preparation of auction area:

- access
- identification of hazards
- assessment of risks
- implementation of risk controls
- auction process:
 - stating rules and conditions of auction according to state or territory legislation
 - calling for bids:
 - disruptive bidders
 - potential collusive bidding practices
 - disputed bidding
 - retracted bids
 - closing bids including:
 - final call
 - fall of hammer
 - closing script
 - confirming or renegotiating reserve with seller as appropriate
 - describing livestock condition
 - identifying key features of contract
 - knocking down or passing in livestock as appropriate
 - use vendor bidding as appropriate according to legislative requirements.
- capacity of bidders
- negotiation techniques
- legislation related to sale of livestock by auction in the state or territory of operation
- penalties for breach of auction legislation
- risks to clients, agency and self from auction activities
- ethical practice in auctioneering including:
 - communication
 - neutrality in the auction process
 - ethical management of the bidding process
- livestock:
 - breed, age, sex, condition, classes, weights, pregnancy status
- sale price and conditions:
 - price per head
 - price per kilo dress weight
 - price per kilo live weight
