Modification History

Release 2 This version first released with CPP Property Services Training Package Version 17.0.

Changes to Performance Evidence.

Release 1 This version first released with CPP Property Services Training Package Release 8.0.

Supersedes and is equivalent to CPPDSM5018 Ensure a safe workplace in the property industry. Updated to meet industry currency.

Performance Evidence

To demonstrate competency in this unit, a person must develop, implement and review a work health and safety (WHS) strategy in a property agency.

In doing this, the person must meet the performance criteria for this unit.

Knowledge Evidence

To be competent in this unit, a person must demonstrate knowledge of:

- Commonwealth and state or territory legislation, and local government regulations related to managing a safe workplace in the property industry
- processes and content of WHS management systems in the property industry
- workforce characteristics and how they impact on the design and maintenance of WHS management systems
- hierarchy of control, that is, the preferred order of risk control measures from the most preferred to the least preferred:
 - eliminate hazards
 - substitute a hazard with something safer, isolate the hazard, reduce the risk through engineering controls
 - reduce hazard exposure using administrative actions, use personal protective equipment
- principles and practices of effective WHS management in a small, medium or large business
- principles and techniques associated with modelling safe work practices, hazard identification and risk management.

Assessment Conditions

Assessors must satisfy the requirements for assessors listed in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or in a simulated workplace environment.

Assessors are responsible for ensuring that the person demonstrating competency has access to:

- materials and equipment meeting the operational requirements for a property agency, including:
 - business plans, strategies, policies, procedures and forms relating to WHS
 - comprehensive WHS information relating to the property industry
 - position descriptions for all employees, including detailed roles and responsibilities
 - equipment, communication and data access and storage technology required to develop, implement and review a WHS strategy in the property industry.
