Assessment Requirements for CPPSEC5002 Coordinate security operations

Release: 1

Assessment Requirements for CPPSEC5002 Coordinate security operations

Modification History

Release 1 This version first released with CPP Property Services Training Package Release 9.0.

Supersedes and is equivalent to CPPSEC5002A Coordinate security operations. Updated to meet the Standards for Training Packages.

Performance Evidence

To demonstrate competency, a candidate must meet the performance criteria of this unit by coordinating two different security operations.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- legislative and regulatory requirements that apply to security operations:
    - anti-discrimination and diversity
    - apprehension, arrest and restraint of persons
    - key requirements of legislation, regulations and codes of conduct for security operations in the jurisdiction of operation
    - legal rights and responsibilities of employers, supervisors and employees associated with work health and safety and duty of care
    - licensing requirements in the security industry
    - trespass and removal of persons
    - use of force
- application of integrated security measures including physical security, manpower, security technologies and security of personnel and information
- chain of command and communication processes used when coordinating security operations
- implications for security operations arising from:
    - *National Guidelines for the Protection of Places of Mass gathering from Terrorism*
    - *Active Armed Offender Guidelines for Crowded Places*
    - *Improvised Explosive Device Guidelines for Crowded Places*
    - *Chemical Weapon Guidelines for Crowded Places*
    - *Hostile Vehicle Guidelines for Crowded Places*
- intervention points for expert advice associated with security operations

- key principles of team dynamics, team leadership and management
- methods for briefing security operations information and instructions to individuals and teams
- methods for reviewing security operations to identify procedural improvements
- negotiation techniques used during security operations
- purpose of *Australia's Strategy for Protecting Crowded Places from Terrorism* and understanding of:
  - definition of crowded places
  - key security issues for crowded places
  - objectives, characteristics and identification of active armed offenders
  - definition of hostile vehicles and methods of attack
  - signs of chemical weapons attack and recommend response
  - general features of improvised explosive devices and recommended incident response
- ways that social and cultural differences may be expressed.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

All individuals engaged by a licensed RTO for security licensing purposes must hold both a security trainers licence (where such a licence exists within the relevant jurisdiction) and the licence for performing the security activities for which the individual is providing training or assessment. Regulators may impose other assessor conditions to meet jurisdictional assessment requirements.

Assessment must be conducted in the workplace or in a simulated workplace environment. Candidates must have access to:

- legislation, regulations and codes of practice that apply to security operations in the jurisdiction of operation
- work instructions, security equipment, resources and information technologies required to achieve the performance evidence
- *National Guidelines for the Protection of Places of Mass gathering from Terrorism*
- *Australia's Strategy for Protecting Crowded Places from Terrorism*
- *National Guidelines for the Protection of Places of Mass gathering from Terrorism*
- *Active Armed Offender Guidelines for Crowded Places*
- *Improvised Explosive Device Guidelines for Crowded Places*
- *Chemical Weapon Guidelines for Crowded Places*
- *Hostile Vehicle Guidelines for Crowded Places.*
