CPPSPS4013 Establish maintenance plans for swimming pools and spas

Release: 1

CPPSPS4013 Establish maintenance plans for swimming pools and spas

Modification History

Release 1 This version first released with CPP Property Services Training Package Release 9.0.

Supersedes and is equivalent to CPPSPS4013A Establish maintenance plans for swimming pools and spas. Added in content from CPPSPS4011A Comply with regulatory requirements for swimming pool and spa servicing. Updated to meet the Standards for Training Packages.

Application

This unit of competency specifies the skills and knowledge required to establish maintenance plans for swimming pools and spas.

This unit is suitable for swimming pool and spa technicians who work independently using specialised knowledge and skills to develop, implement and review maintenance plans in:

- private swimming pools and spas
- public swimming pools and spas, including:
 - hydrotherapy and therapeutic exercise pools
 - wading and receiving pools associated with water slides
 - wave pools.

All work must be carried out to comply with workplace procedures, in accordance with state/territory work health and safety (WHS), regulations and legislation that applies to the workplace. Legislative and regulatory requirements apply to swimming pool and spa technicians but vary according to state/territory jurisdictions. Users must check with the relevant regulatory authority before delivery.

Service technicians are not permitted to undertake any installation, replacement, maintenance and repair functions that are restricted to licensed trades or occupations.

Pre-requisite Unit

None.

Unit Sector

Swimming pool and spa service

Elements and Performance Criteria

Elements describe the essential outcomes.

Performance criteria describe what needs to be done to demonstrate achievement of the element.

- | | |
|--|---|
| 1 Assess maintenance requirements. | 1.1 Identify relevant Australian standards and regulatory, manufacturer and enterprise requirements related to swimming pool and spa maintenance. |
| | 1.2 Identify requirements for routine, seasonal and preventative maintenance |
| | 1.3 Review work instructions and factors impacting on required maintenance activities and schedules. |
