# CPPSS00045 Manage complex fumigation operations

## Modification History

Release 1.

This version first released with CPP Property Services Training Package Version 2.

This skill set replaces equivalent CPPSS00022 Manage Complex Fumigation Operations Skill Set, now deleted from CPP07 Property Services Training Package Version 14.1.

## Description

This skill set provides pest management technicians with the competencies required to prepare proposals for complex fumigation work and manage a small team to complete the work to meet compliance requirements, such as quarantine regulations.

## Pathways Information

Completion of these units provides credit towards CPP30115 Certificate III in Urban Pest Management.

## Licensing/Regulatory Information

Licensing, legislative, regulatory or certification requirements apply to pest management in some States. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

The skill set is applicable in some States but does not meet the full licensing requirements of all States and Territories.

## Skill Set Requirements

BSBSMB407	Manage a small team
CPPPMT3011	Manage organisms by applying fumigants to commodities and environments
CPPPMT3019	Organise and monitor pest management operations
CPPPMT3043	Prepare and present pest management proposals for complex or high risk operations

## **Target Group**

This skill set is for people managing large-scale fumigation operations, such as those conducted on aircraft and ships.

## **Suggested words for Statement of Attainment**

These units from CPP Property Services Training Package meet industry requirements for managing complex fumigation operations.
