## Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in suitable workplace operational situations. Where this is not appropriate, assessment must occur in suitable simulated workplace operational situations reflecting actual industry workplace conditions that closely resembles normal work practice and replicates the range of conditions likely to be encountered by an individual working with people in immigration detention, including coping with difficulties, irregularities and changes to routine.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- relevant and appropriate materials, tools, facilities, equipment and personal protective equipment currently used in the industry
- applicable documentation relevant to the industry including legislation, workplace policy, procedures and protocols, industry standards, equipment specifications, regulations, codes of practice and operation manuals
- case studies and workplace scenarios to capture the range of situations likely to be encountered in the immigration detention
