## **Determine response to security risks**

**Release: 1**

# Assessment Requirements for CSCSA019 Determine response to security risks

## Modification History

Release	Comments
1	These Assessment Requirements were released in CSC Correctional Services Training Package release 1.0 and meet the Standards for Training Packages.

*Please refer to the advice in the CSC Assessment Guide.*

## Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least two occasions.

- interpreting and complying with legal and procedural requirements
- selecting response options within specified legal and strategic limits
- selecting response options that are most effective for the objective
- using communication to reduce the level of threat or conflict
- using communication to give clear, accurate and concise information
- using security equipment
- identifying current and potential risk factors and their impact on the incident or situation
- working as part of a team
- reviewing response strategies and making adjustments according to changing circumstances

## Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate and/or the AQF level of the qualification being undertaken.

- legislative requirements covering use of force, duty of care, use of restraint, use of arrest and use of defensive weapons
- organisation's policies and procedures related to emergency response, use of weapons, use of restraint, incident management, recording and reporting
- principles of effective communication and use of interpersonal techniques, especially under pressure
- principles of problem solving
- team roles and responsibilities, delegations, chain of command and accountability

- use of security equipment
- surveillance and observation techniques
- alarms and signals
- principles of cooperative teamwork

## Assessment Conditions

Valid assessment of this unit requires a workplace environment or one that closely resembles normal work practice and replicates the range of conditions likely to be encountered by an individual responsible for assessing incidents and determining appropriate responses to security risks as part of a coordinated team, including coping with difficulties, irregularities and changes to routine.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
