Assessment Requirements for CSCTRA005 Maintain security during escort

Release: 1

Assessment Requirements for CSCTRA005 Maintain security during escort

Modification History

Release 1. This is the first release of this unit of competency in the CSC Correctional Services Training Package Release 5.0

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least two occasions and include:

- using communication to manage behaviour and cooperation of offenders
- using a range of communication strategies
- checking and storing the property of offenders according to regulations and procedures
- processing information that is required for the escort process
- applying and removing restraints in accordance with organisational requirements
- following escorting procedures and formations
- carrying and using defensive equipment in accordance with organisational instruction
- maintaining respect, dignity, and human rights principles
- searching offenders, vehicles, and locations in accordance with requirements
- completing reports and documentation.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- operating procedures, regulations, and requirements regarding escorting offenders
- offender information management system
- procedures and code of conduct relating to the use of restraint and force
- duty of care
- human rights principles
- safety and security equipment when escorting offenders
- emergency procedures that relate to escorting offenders
- general vehicle inspection procedures
- reporting requirements.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training

Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations. Where this is not appropriate, assessment must occur in simulated workplace operational situations that reflect workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- acceptable means of simulation assessment
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
