Evidence Guide

EVIDENCE GUIDE

The Evidence Guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, the range statement and the Assessment Guidelines for this Training Package.

Overview of assessment

Evidence for assessment must be gathered over time in a range of contexts to ensure the person can achieve the unit outcome and apply the competency in different situations or environments.

Critical aspects for assessment and evidence required to demonstrate competency in this unit

In addition to integrated demonstration of the elements and their related performance criteria, look for evidence that confirms:

- the knowledge requirements of this unit
- the skill requirements of this unit
- application of employability skills as they relate to this unit
- ability to plan and provide services for offenders or clients in a range of (two or more) contexts or occasions, over time.

EVIDENCE GUIDE

Context of and specific resources for assessment

This unit contains a wide range of variables to reflect the diverse nature of offender management and the different services provided in and for correctional services. Selection from the range of variables will reflect the specific requirements of the work site and the defined work role.

Valid assessment of this unit requires:

- a workplace environment or one that closely resembles normal work practice and replicates the range of conditions likely to be encountered by an individual involved in planning and reviewing services to offenders as part of a coordinated team, including coping with difficulties, irregularities and changes to routine
- copies of legislation, policies, procedures and guidelines relating to planning and reviewing services to offenders
- access to appropriate learning and assessment support when required.

Method of assessment

The following assessment methods are suggested:

- observation of performance in routine workplace activities within a range of agreed responsibilities and in various work locations
- written and/or oral questioning to assess knowledge and understanding
- completion of workplace documents and reports produced as part of routine work activities
- third-party reports from experienced practitioners
- completion of performance feedback from supervisors and colleagues.

Guidance information for assessment

Assessment methods should reflect workplace demands, and any identified special needs of the candidate, including language and literacy implications and cultural factors that may affect responses to the questions.

In all cases where practical assessment is used it will be combined with targeted questioning to assess the underpinning knowledge.
