Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package Version 5.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- make scale models according to at least two different project requirements.

In the course of the above, the candidate must:

- identify appropriate equipment and materials to make three-dimensional (3-D) models
- establish a safe work space for the use of equipment and materials
- use selected techniques and processes to make models that meet project requirements
- use safe work practices at all times
- communicate with others during preparation, construction and presentation of 3-D models.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- common model making methods, processes and techniques, including the physical properties and capabilities of equipment, tools and materials used
- ways to present finished scale models
- work space requirements for producing scale models, including set-up of work space for particular types of work
- issues and challenges that arise in making scale models
- intellectual property requirements and legislation associated with making scale models
- work health and safety requirements that apply to scale model making.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- documented scale model requirements and organisational procedures
- tools, materials and equipment required to construct scale models
- interaction with appropriate people.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
