Assessment Requirements for CUAACD507 Refine 3-D design ideas and processes

Release: 1

Assessment Requirements for CUAACD507 Refine 3-D design ideas and processes

Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 2.0.

Performance Evidence

Evidence of the ability to:

- originate and refine concept for three-dimensional (3-D) designs that meet the needs of the brief
- plan, develop and document effective 3-D design solutions and design processes that meet project requirements
- use feedback and own initiative to extend proficiency and practice in 3-D design work.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- explain the techniques for creating 3-D designs in the particular area of work
- describe the basic principles of 3-D design
- describe physical properties and capabilities of the range of equipment, tools and materials used for 3-D design
- explain common presentation methods for finished 3-D designs
- outline work space requirements for the production of 3-D design, including set-up of work space for particular types of 3-D work
- describe typical issues and challenges that arise in the context of making 3-D designs
- outline the ethical, organisational and legislative requirements associated with 3-D designs.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to:

- work specifications and/or design brief
- information sources
- equipment and tools and appropriate work space to produce design work
- interaction with relevant people.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
