## CUAACD513 Make mixed media artworks

### Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 2.0.

### Application

This unit describes the skills and knowledge required to make artworks that combine the use of different media. Mixed media usually refers to a range of visual media, but it could also involve the integration of non-visual elements, such as sound.

It applies to individuals who work independently and have a well-developed command of techniques in a particular creative form. Individuals may be exploring mixed media for the first time as part of an emerging practice. Work would be undertaken independently with support available as required.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

### Unit Sector

Visual communication – art, craft and design
