Application

This unit describes the performance outcomes, skills and knowledge required to develop expertise in allied contemporary dance techniques, such as alignment, improvisation, duo and tumbling.

At this level, dancers are constantly expanding their range of technical skills in order to develop their artistic capacity in a range of contemporary dance repertoire. While some supervision and guidance are provided in practice sessions and rehearsals, dancers are expected to be self-directed and display a high level of motivation and responsibility for themselves and others.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
