Assessment Requirements for CUADIG212 Develop digital imaging skills

Release: 1

Assessment Requirements for CUADIG212 Develop digital imaging skills

Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package Version 5.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- produce digital images according to at least three different ideas.

In the course of the above, the candidate must:

- use and test digital imaging techniques and materials to support the idea for the work
- explore the process for producing digital imaging in a discussion with others
- adopt safe ergonomic practices when using equipment
- review own progress and identify at least one or more ways to further develop skills.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- function and capabilities of materials, tools and equipment commonly used for digital imaging
- major styles of digital imaging and the work of key practitioners
- common digital imaging techniques
- safe cleaning techniques for tools and equipment used in producing digital images
- procedures for working safely with digital materials, tools and equipment.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- tools, equipment, materials for producing digital images

- information sources.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
