Release 1	This version first released with CUA Creative Arts and Culture Training Package version 2.0.

Application

This unit describes the skills and knowledge required to research and experiment with a broad range of glassworking techniques to refine and evaluate an individual professional style.

It applies to highly skilled visual artists who integrate the use of those different techniques explored, to realise a coherent body of creative work which could include functional items or art pieces. They work with a high level of independence seeking mentoring and guidance as required.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Unit Sector

Visual communication – glass

Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Research glassworking ideas and techniques	1.1 Support professional practice by expanding knowledge of historical and contemporary glasswork 1.2 Research ways that other artists have used different glassworking techniques 1.3 Investigate how particular glassworking techniques work to achieve different technical effects 1.4 Evaluate the relationships between glassworking techniques and ideas 1.5 Adapt and use relevant ideas and approaches and comply with intellectual property requirements

ELEMENT	PERFORMANCE CRITERIA
2. Select glassworking techniques for refinement	2.1 Evaluate creative and professional opportunities offered by different glassworking techniques for own approach to work 2.2 Identify and assess limitations and constraints of particular techniques 2.3 Select a broad range of glassworking techniques for refinement
3. Determine safety requirements for glassworking	3.1 Investigate safety issues associated with glasswork 3.2 Set up work space, equipment, tools and materials according to safety requirements 3.3 Establish and follow safe work practices 3.4 Monitor key safety issues during production of the work
4. Consolidate glassworking technique to professional level	4.1 Develop increasing confidence and skill through practice and experimentation 4.2 Proactively identify and resolve technical problems in glassworking projects based on developing expertise 4.3 Challenge and test ideas and use creative thinking techniques to encourage new and unpredictable ideas to emerge 4.4 Evolve ideas and other professional skills through ongoing experimentation with technique 4.5 Develop own ways of working with techniques to create individual style 4.6 Create a coherent body of glasswork that shows command of selected glassworking techniques
5. Evaluate own glassworking technique	5.1 Evaluate development of own technique with others and seek feedback 5.2 Seek and participate in professional discussions that challenge and explore different concepts and approaches 5.3 Evaluate particular ways that experimentation with different techniques has informed own artwork 5.4 Identify ways to further develop technique as part of professional practice and build ideas into future work
