Performance Evidence

Evidence of the ability to:

- research and evaluate a broad range of professional and commercial information about graphic design
- develop approaches and strategies for own practice based on research and reflection that address:
  - legal, ethical and moral obligations
  - business and design practice skill development
  - how to promote services
  - how to pursue new work opportunities
  - communicate with other professionals to collaborate and share ideas.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- explain factors that influence the client perspective on graphic design practice
- describe legal rights and obligations of graphic designer, particularly in relation to intellectual property
- identify common professional development opportunities in graphic design
- summarise the range of local and global work opportunities open to graphic designers
- summarise current trends in graphic design and their effects on professional practice
- identify key behaviour, skills and practices required in professional graphic design practice
- describe typical ways business is done in graphic design practice including key commercial relationships
- explain ways that graphic design work is costed and priced in different practice contexts.
Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to:

- opportunities for collaboration with others
- sources of business information about graphic design.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
