Assessment Requirements for CUAJWL311 Produce jewellery

Release: 1

Assessment Requirements for CUAJWL311 Produce jewellery

Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package Version 5.0.

Performance Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- produce at least two pieces of jewellery combining at least two different ideas.

In the course of the above, the candidate must:

- explore ideas, techniques and historical and contemporary jewellery-making practice and choose techniques to support own work
- identify and acquire resources required to complete chosen work
- adapt and use combined jewellery-making techniques that show technical proficiency in chosen techniques
- review and document the work process.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- intellectual property requirements when producing jewellery work
- methods of exploring techniques to achieve different effects in jewellery
- main aspects of historical and contemporary jewellery-making practice and how they inform own design ideas
- key characteristics and key interrelationships of elements and principles of design, and their use in jewellery
- tools and equipment used to produce jewellery: key physical features and uses, cleaning and maintenance techniques and storage requirements
- physical properties and capabilities of a range of materials and techniques used to produce jewellery
- typical work space requirements for producing jewellery and ways of organising space and equipment for efficient work operation
- procedures for working safely with jewellery materials, tools and equipment.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- equipment, tools and materials used to produce jewellery
- information sources.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
