Application

This unit describes the skills and knowledge required to design, apply and remove standard make-up for performers and talent appearing in screen and entertainment industry productions. It involves designing make-up plans, preparing work areas, and applying and removing make-up according to production requirements.

The unit applies to those who use their creative skills, working alone or as part of a team, to design and apply make-up that meets production requirements in consideration of corrective make-up principles.

No licensing, legislative or certification requirements apply to this unit at the time of publication
