**Release: 1**

## CUAPHI531 Apply visual communication theory to photo imaging practice

### Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package Version 5.0.

### Application

This unit describes the skills and knowledge required to research, implement and evaluate the role of visual communication theory in photo imaging work.

The unit applies to those who research and evaluate visual communication theory and use it to inform their practice.

No licensing, legislative or certification conditions apply to this unit at the time of publication.

### Unit Sector

Visual Communication – Photo Imaging

### Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Research role of photo imaging in visual communication	1.1 Investigate theories and commentators on conceptualisation, production and use of photo images 1.2 Investigate use of photo images in various modes and media 1.3 Evaluate meaning of photo image in context of its use and effectiveness with target audience 1.4 Critique a range of photo images and themes according to visual communication theory
2. Use visual communication in photo imaging practice	2.1 Determine target audience and intent of work for photo images 2.2 Apply photo image themes and selected aspects of visual

ELEMENT	PERFORMANCE CRITERIA
	communication theory to photo images 2.3 Produce photo images using range of visual communication modes and media
3. Evaluate visual communication in photo imaging practice	3.1 Evaluate effectiveness of visual communication in production of photo images 3.2 Evaluate how applying visual communication theories to photo images impacts on own creative practice, equipment needs and work opportunities

## Foundation Skills

*This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.*

SKILL	DESCRIPTION
Reading	<ul style="list-style-type: none"> <li>Interprets straightforward information from credible sources when developing and enhancing knowledge on visual communication theory</li> </ul>
Self-management	<ul style="list-style-type: none"> <li>Implements learning outcomes from self-directed, independent research when enhancing creative practice and identifying new professional opportunities</li> </ul>
Planning and organising	<ul style="list-style-type: none"> <li>Develop conceptual insights, expand knowledge and draw conclusions about the influences of visual communication theory on photo imaging practice using systematic planning processes</li> <li>Evaluates information from photo images and selects most appropriate visual communication modes and media when making project work decisions</li> <li>Evaluates the success of conceptual and production decisions in photo imaging work</li> </ul>

## Unit Mapping Information

Supersedes and is equivalent to CUAPHI501 Apply visual communication theory to photo imaging practice.
