Performance Evidence

Evidence of the ability to:

- incorporate creative and technical aspects of production into the planning and management of at least one event or production
- interact effectively with a range of creative and technical personnel involved in productions.

Note: If a specific volume or frequency is not stated, then evidence must be provided for each of the above points at least once.

Knowledge Evidence

To complete the unit requirements the individual must:

- explain current industry trends in relation to creative and technical production
- describe the following aspects of live productions:
 - roles and responsibilities of key technical and creative personnel
 - technical terminology
 - process of designing, developing and realising productions
 - relationship between different production areas
 - typical challenges and issues that arise in the creative and technical side of productions
- explain how different production and event management processes and techniques can be adapted to foster an approach to production management that integrates creative and technical considerations.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to productions or events.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
