## Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 2.0.

## Performance Evidence

Evidence of the ability to:

- research new or innovative ways for presenting portfolios of creative work
- design a presentation concept that includes key proposed objectives and messages
- realise a presentation concept within required budget and timeframes
- present creative product in a manner suited to the intended audience and purpose
- evaluate presentation and document ways to respond to future presentation opportunities.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

## Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- analyse typical ways in which portfolios of work are presented by creative practitioners
- explain current and emerging professional trends in presentation options and technologies relevant to the particular area of work, including design, layout, typography, interactivity and accessibility
- explain how critical thinking techniques can inform the development of a presentation concept
- outline intellectual property considerations in relation the use of information in a professional presentation.

## Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to:

- appropriate technology and sources of information to research presentation methodologies

- presentation tools
- relevant information sources.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
