## CUAPRP201 Develop basic prop construction skills

### Modification History

Release	Comments
Release 2	This version released with CUA Creative Arts and Culture Training Package version 2.0. Updated assessment conditions section. Updated modification history section to reflect changed name of training package.
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 1.0.

### Application

This unit describes the performance outcomes, skills and knowledge required to use a range of basic techniques, materials and equipment to construct props.

At this level, individuals are under broad supervision and are expected to act autonomously within established parameters as they take responsibility for assisting with props and set dressing in the screen, media, entertainment and events industries.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

### Unit Sector

Visual communication – props

### Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Prepare for prop construction	1.1 Liaise with supervisor to determine the nature of props to be constructed 1.2 Select materials for prop construction according to instructions and intended use of prop items 1.3 Calculate correct quantities of required materials, avoiding waste where possible 1.4 Select equipment and tools according to materials being used

	and type of props being constructed
2. Construct simple props	<p>2.1 Use techniques to construct props, including the safe use of adhesives</p> <p>2.2 Complete the prop construction process in a logical manner</p> <p>2.3 Follow safety procedures throughout the prop construction process</p> <p>2.4 Work cooperatively with other team members to ensure team efficiency and quality of props items</p>
3. Finalise prop construction	<p>3.1 Identify problems with prop construction promptly and take action within scope of own responsibility or report to supervisor</p> <p>3.2 Seek feedback on own construction techniques and note ways to improve own work performance</p> <p>3.3 Contribute to evaluations of prop construction processes</p>

## Foundation Skills

*This section describes language, literacy, numeracy and employment skills incorporated in the performance criteria that are required for competent performance.*
