Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- realise a public art project according to at least two different project requirements.

In the course above, the candidate must:

- originate and present ideas about the art project in required contexts
- manage its creative, technical and organisational components
- evaluate and discuss work in a professional context.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- features of potential sites for public art and the key requirements and constraints to consider for each site
- practical planning issues to be considered in public art projects that include durability and sustainability of materials
- requirements for preparing and presenting proposals, including practical planning data and presentation mechanisms
- key people involved in public art projects, their roles and interrelationships
- key safety requirements for public art projects
- sustainability practices applicable to public art projects.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- equipment, tools and materials (applicable to the art form) used to produce and install public art
- a site at which to install and exhibit public art
- credible information sources.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
