Assessment Requirements for CUARES401 Research dance concepts

Assessment Requirements for CUARES401 Research dance concepts

Modification History

Release	Comments
Release 2	This version released with CUA Creative Arts and Culture Training Package version 2.0. Updated assessment conditions section. Updated modification history section to reflect changed name of training package.
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 1.0.

Performance Evidence

Evidence of the ability to:

- clarify research briefs
- gather reliable and valid information from a range of sources in response to research briefs
- document and present research findings in an appropriate format by agreed deadlines
- explain ideas in a formal presentation.

Note: If a specific volume or frequency is not stated, then evidence must be provided for each of the above points at least once.

Knowledge Evidence

To complete the unit requirements the individual must:

- demonstrate knowledge of:
    - key characteristics of contemporary dance practice
    - protocols to be observed when collecting information of a culturally sensitive nature
    - work health and safety (WHS) issues in relation to working for long periods of time on computers
- explain how the following apply when using interviews to conduct research:
    - effective listening
    - questioning
    - non-verbal cues
- describe features of commonly used quantitative and qualitative research methodologies.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to:

- internet access
- computer with appropriate information collection software
- information sources.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
