**Release: 1**

# Assessment Requirements for CUASFX301 Maintain and repair special effects items

## Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 2.0.

## Performance Evidence

Evidence of the ability to:

- complete special effects cleaning and maintenance tasks within typical workplace time constraints
- repair, maintain and alter special effects items according to safely regulations and production requirements
- follow verbal directions and written instructions
- follow procedures for completing workplace documentation
- assemble and disassemble special effect items for productions in line with requirements
- maintain continuity of appearance of special effects items during productions, in collaboration with other personnel.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

## Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- describe roles and responsibilities of personnel involved in constructing and maintaining physical special effects
- describe the process for checking the condition of special effects items
- explain techniques and material requirements for completing minor repairs
- identify typical problems that may arise in context of maintaining physical special effects and briefly describe solutions
- describe health and safety procedures and industry safety guidelines that apply to the maintenance and repair of special effects.

## Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to:

- tools and materials required to complete repair and maintenance tasks
- special effects items
- productions and locations requiring special effects items
- interaction with others.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
