Assessment Requirements for CUASMT505 Manage plotting sessions

Assessment Requirements for CUASMT505 Manage plotting sessions

Modification History

Release	Comments
Release 2	This version released with CUA Creative Arts and Culture Training Package version 2.0. Updated assessment conditions section. Updated modification history section to reflect changed name of training package.
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 1.0.

Performance Evidence

Evidence of the ability to:

- plan and manage cue plotting sessions for at least two productions in line with artistic and technical requirements
- take direction from creative and technical personnel during plotting sessions
- facilitate the work of others through clear and appropriate communication during plotting sessions
- develop accurate and clear cue reference documents
- meet work deadlines.

Note: If a specific volume or frequency is not stated, then evidence must be provided for each of the above points at least once.

Knowledge Evidence

To complete the unit requirements the individual must:

- explain the purpose of a range of documentation used for stage managing different types of productions or events
- explain key factors involved in the successful management of plotting sessions
- describe issues and challenges that can arise when plotting technical cues, along with solutions to address them
- explain notations used to map technical elements to create accurate cue reference materials.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to production scripts and a range of technical equipment for which cues need to be plotted.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
