Application

This unit describes the performance outcomes, skills and knowledge required to compile sound effects and material from diverse sources and to replay the audio material on cue in live performances in the screen, media, entertainment and events industries.

At this level, individuals are required to use some discretion and judgement and operate under broad supervision within an established framework of plans and procedures.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Unit Sector

Media and entertainment production - audio/sound

Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Assemble source materials	1.1 Determine audio replay requirements and timelines in consultation with relevant personnel 1.2 Identify sources for, and availability of, materials 1.3 Prepare an accurate record of materials, noting source and content required 1.4 Seek clearance to use copyright-restricted source materials as required

	1.5 Collate pre-recorded materials and check correct versions and duration 1.6 Determine the most appropriate replay mechanism in consultation with relevant personnel 1.7 Determine hardware and software availability for duplication and recording
2. Record and edit audio material	2.1 Record voice and other audio material using a range of devices in line with production requirements and safety procedures 2.2 Compile edit decision lists (EDLs) in preparation for editing material 2.3 Use appropriate techniques and equipment to complete editing of tracks or cues 2.4 Seek feedback on work in progress with relevant personnel and adjust as required 2.5 Back up audio materials according to organisational procedures and submit final material by agreed deadlines 2.6 Resolve minor equipment problems within scope of own job role or refer to relevant personnel as required
3. Test and play materials on cue	3.1 Check final source material against show log 3.2 Prepare replay equipment, sound levels and backup hardware 3.3 Confirm cues with relevant personnel 3.4 Play materials on cue during live performances or events 3.5 Evaluate effectiveness of audio replay material with relevant personnel and note areas for future improvement

Foundation Skills

This section describes language, literacy, numeracy and employment skills incorporated in the performance criteria that are required for competent performance.
