## CUASS00036 Sustainability Skill Set

### Modification History

Release	Comments
Release 2	This version released with CUA Creative Arts and Culture Training Package version 2.0. Unit codes updated. Minor text edits.
Release 1	This skill set first released with CUA Creative Arts and Culture Training Package Version 1.0.

### Description

This skill set addresses the skills and knowledge required to evaluate and improve sustainability practices.

### Pathways Information

The units provide credit towards CUA30415 Certificate III in Live Production and Services, CUA40415 Certificate IV in Live Production and Technical Services, CUA50415 Diploma of Live Production and Technical Services, CUA50513 Diploma of Live Production Design, CUA60213 Advanced Diploma of Live Production and Management Services and other qualifications that allow for selection of these units.

### Licensing/Regulatory Information

Sets and staging for some performances or events may fall within the definition of construction work. If so, people entering the construction site are required to complete the general induction training program specified by the National Code of Practice for Induction Training for Construction Work (Australian Safety Compensation Council, May 2007). The unit 'CPCCOHS1001A Work safely in the construction industry' fulfils this requirement.

## **Skill Set Requirements**

BSBSUS501 Develop workplace policy and procedures for sustainability  
CPCCOHS1001A Work safely in the construction industry  
CUAPPR502 Develop own sustainable professional practice  
MSS014001A Improve sustainability through readily implementable change  
MSS014002A Evaluate sustainability impact of a work or process area

## **Target Group**

This skill set is for individuals who are responsible for the sustainability practices used during the pre-production, production and post-production stages of live performances.

## **Suggested words for Statement of Attainment**

These units of competency from the BSB Business Services, CPC08 Construction, Plumbing and Services, CUA Creative Arts and Culture and MSS11 Sustainability Training Packages meet industry requirements for evaluating and improving sustainability practices.
