CUASS00053 Technical/Scientific Field-Based Photo Imaging Skill Set

Release 1

CUASS00053 Technical/Scientific Field-Based Photo Imaging Skill Set

Modification History

Release	Comments
Release 1	This skill set first released with CUA Creative Arts and Culture Training Package version 2.0.

Description

This skill set addresses the skills, knowledge and performance requirements for technical/scientific field-based photo imaging.

Pathways Information

Units from this skill set can contribute credit towards the CUA41115 Certificate IV in Photography and Photo Imaging.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

Skill Set Requirements

CUACMP301 Implement copyright arrangements
 CUADIG303 Produce and prepare photo images
 CUAPHI302 Capture photographic images
 CUAPHI303 Process photo images to work-print and file stage
 CUAPHI401 Capture images in response to a brief
 PSPPM402B Manage simple projects

Target Group

This skill set is for technical/scientific field officers who, as part of their day-to-day job duties, use photo imagery to primarily record and document animals, plants and landforms. Technical/scientific field officers may also capture a limited number of images for media purposes.

Suggested words for Statement of Attainment

These units from CUA Creative Arts and Culture and PSP12 Public Sector Training Packages meet industry requirements for technical/scientific field officers.
