**Assessment Requirements for CUASTA402
Install and uninstall specialist staging
equipment**

Release: 2

Assessment Requirements for CUASTA402 Install and uninstall specialist staging equipment

Modification History

Release	Comments
Release 2	This version released with CUA Creative Arts and Culture Training Package version 2.0. Updated assessment conditions section. Updated modification history section to reflect changed name of training package.
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 1.0.

Performance Evidence

Evidence of the ability to:

- prepare a weight loads plan for at least one production
- install and uninstall a range of specialist staging equipment for at least two productions
- work collaboratively
- follow safe work practices.

Note: If a specific volume or frequency is not stated, then evidence must be provided for each of the above points at least once.

Knowledge Evidence

To complete the unit requirements the individual must:

- describe hazards associated with installing staging equipment and explain how to minimise them
- describe methods of lifting, handling and supporting staging equipment during installation
- explain what needs to be included in a safe work methods statement
- describe issues and challenges that typically arise in the context of installing specialist staging equipment, along with solutions to address them
- describe safety issues that impact on flying systems, including regulations about:
 - tasks that require a licensed rigger
 - work that can be undertaken by unlicensed personnel.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to venues with a fly tower and productions that require specialist staging equipment.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
