## CUAVSS312 Operate vision systems

### Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package Version 5.0.

### Application

This unit describes the skills and knowledge required to operate a range of standard vision system equipment during live productions or events.

The unit applies to those who use some discretion and judgement and operate under broad supervision within an established framework of plans and workplace procedures.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

### Unit Sector

Media and Entertainment Production – Vision Systems

### Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Participate in technical run-throughs	1.1 Confirm technical and production requirements with required personnel 1.2 Plot and run through cues on direction according to equipment, sequencing, timing and speed requirements 1.3 Identify problems and modify equipment as required 1.4 Change cues and modify running sheets and other documentation as required
2. Undertake vision system operations	2.1 Check functionality and working order of primary and backup equipment 2.2 Deliver required vision effects by executing on cue all vision system operations 2.3 Modify cues, as required, to cater for unexpected contingencies

ELEMENT	PERFORMANCE CRITERIA
	2.4 Respond to equipment malfunctions by rectifying faults safely and efficiently and inform required personnel 2.5 Use backup systems as required
3. Complete vision system operations	3.1 Power down equipment according to manufacturer instructions and organisational and safety procedures 3.2 Secure and pack down vision systems using safe lifting techniques 3.3 Prepare vision system equipment for transport as required 3.4 Leave the work site in the original or improved condition 3.5 Complete and distribute workplace documentation as required 3.6 Adjust work practices according to feedback from required personnel

## Foundation Skills

*This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.*

SKILL	DESCRIPTION
Learning	<ul style="list-style-type: none"> <li>Seeks the input of others to improve work performance</li> </ul>
Reading	<ul style="list-style-type: none"> <li>Interprets production documentation in relation to own duties</li> </ul>
Oral communication	<ul style="list-style-type: none"> <li>Obtains information by listening and questioning</li> </ul>
Numeracy	<ul style="list-style-type: none"> <li>Uses numerical features of vision equipment when plotting and operating cues</li> </ul>
Self-management	<ul style="list-style-type: none"> <li>Understands and completes main tasks and responsibilities, within the boundaries of own role</li> </ul>
Teamwork	<ul style="list-style-type: none"> <li>Ensures work objectives are met through working collaboratively with others</li> </ul>
Planning and organising	<ul style="list-style-type: none"> <li>Adopts a methodical and logical approach to preparing for and operating standard vision systems</li> <li>Manages time efficiently to meet work deadlines</li> <li>Recognises and takes responsibility for addressing predictable, and some less predictable, problems when operating vision systems</li> </ul>
Technology	<ul style="list-style-type: none"> <li>Distributes information electronically</li> </ul>

## Unit Mapping Information

Supersedes and is equivalent to CUAVSS302 Operate vision systems.
