CUADAN604A	This version first released with CUA11 Live Performance Training Package version 1.0

Unit Descriptor

This unit describes the performance outcomes, skills and knowledge required to perform complex ballet technique demonstrating range, depth, precision and artistry across classical and contemporary repertoire at the professional level.

Application of the Unit

This unit applies to dancers who are moving towards professional careers in contexts where complex ballet technique and versatility are required for performing as members of a professional dance company as an ensemble or soloist dancer.

At this level, dancers are constantly refining their technique and perfecting their artistry across complex dance sequences and repertoire, including pas de deux repertoire and solo and group performances to convey the story and mood of the dance.

While some supervision and guidance are provided in practice sessions and rehearsals, dancers are expected to display a high level of motivation and sense of responsibility for themselves and others during practice sessions, rehearsals and live performances.

Licensing/Regulatory Information

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of endorsement.

Pre-Requisites

Not applicable.

Employability Skills Information

This unit contains employability skills.

Elements and Performance Criteria Pre-Content

Element	Performance Criteria
Elements describe the essential outcomes of a unit of competency.	Performance criteria describe the performance needed to demonstrate achievement of the element. Where bold italicised text is used, further information is detailed in the required skills and knowledge section and the range statement. Assessment of performance is to be consistent with the evidence guide.

Elements and Performance Criteria

Evidence Guide

The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, range statement and the Assessment Guidelines for the Training Package.

Overview of assessment	
Critical aspects for assessment and evidence required to demonstrate competency in this unit	 Evidence of the ability to: execute physical and conceptual understanding of the fundamental technical principles in classical ballet demonstrate through the execution of sequences fundamental dance skills, including: alignment and extensions in combinations of a high level of difficulty reproduction of complex movement sequences on both sides of the body facility and speed in directional changes a high level of spatial awareness in group movements
	 a high level and range of coordination of limbs, torso and head develop professional practice.
Context of and specific resources for assessment	Assessment must ensure access to:fully equipped dance studiosappropriate music or accompanists.
Method of assessment	 A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit: observation of practice and performance through full practical demonstration verbal or written questioning to test knowledge as listed in the required skills and knowledge section of this unit video recordings of performances or practice sessions case studies and scenarios as a basis for discussing components of classical ballet technique, repertoire and performance skills. Assessment methods should closely reflect workplace demands (e.g. literacy) and the needs of particular groups (e.g. people with disabilities and people who may have literacy or numeracy difficulties, such as speakers of languages other than English, remote communities and

	those with interrupted schooling).
Guidance information for assessment	Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended, for example:
