Unit Descriptor

This unit describes the performance outcomes, skills and knowledge required to incorporate safe dance practice into the teaching of medium level tap dance techniques.

Application of the Unit

Private dance teachers who specialise in teaching tap dance apply the skills and knowledge in this unit.

Typically these teachers are working in private dance studios or in venues such as community halls, where flooring is appropriate for the safe teaching of dance.

At this level, private dance teachers work without supervision. They are expected to apply initiative and judgement when planning lessons which could be based on a specific syllabus or teaching resources they may have helped to prepare. Alternatively, they may be devising and conducting classes which are not based on any particular syllabus.
