DEF40617 Certificate IV in Preventive Health

Release 3

DEF40617 Certificate IV in Preventive Health

Modification History

Release 3. Updated superseded general elective units.

Release 2. Modifications have been made to:

- Unit HLTDEF001 deleted due to zero enrolment

Release 1. This is the first release of this qualification in the DEF Defence Training Package.

Qualification Description

This qualification allows for the attainment of competencies in preventive health.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Packaging Rules

16 units of competency are required for this qualification comprising:

- 5 core units listed below, plus
- 11 elective units.

Choose a minimum of 10 elective units from the list below, of which 8 must be taken from Group A and 2 must be taken from Group B.

Choose the remaining 1 elective unit from the elective unit list below or from elsewhere within this training package, or from another endorsed training package, or from an accredited course.

All elective units chosen from outside this qualification must support the learning outcomes of this AQF qualification level.

Where a prerequisite unit is attached to an elective unit it is identified by this symbol ⊥.

The prerequisite units attached to any of the elective units must be undertaken and are additional to the number of elective units required for the qualification.

Elective units chosen must not duplicate content already covered by other units in this qualification.

Where imported units are selected, care must be taken to ensure that all prerequisite units specified are complied with.

Core units

DEFGEN012 Provide technical advice

DEFPHL007 Conduct chlorine dosing of water at the point of supply

DEFPHL008	Coordinate environmental health operations
DEFPHL009	Conduct a quick assessment of disease outbreak
DEFPHL010	Conduct a field hygiene survey
