Qualification Description

This qualification has been designed to provide a package of broad and flexible competencies reflecting the workplace responsibilities for those responsible for conducting complex program evaluations. It qualifies individuals who apply integrated technical and theoretical concepts in a broad range of contexts to undertake advanced skilled or paraprofessional work in evaluations.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Packaging Rules

12 units of competency are required for this qualification:

- 3 core units
- 9 elective units

Choose a minimum of 7 elective units from the list below, of which at least 1 must be taken from Group A.

Choose the remaining 2 elective units from either the list below, or from elsewhere within this training package, or from another endorsed training package, or from an accredited course.

All elective units selected from outside this qualification must reflect the occupational and learning outcomes of this AQF qualification level. Seek further advice on selecting imported units of competency in the DEF Implementation Guide.

Elective units selected must not duplicate content already covered by other units in this qualification.
