DEFCPL003 Apply knowledge of risk assessment

Release: 1

DEFCPL003 Apply knowledge of risk assessment

Modification History

Release 1. This is the first release of this unit of competency in the DEF Defence Training Package.

Application

This unit specifies the skills and knowledge required to analyse and apply knowledge of risk assessment processes.

It includes accessing, interpreting and applying relevant risk assessment information and processes.

This unit applies to Defence workers involved in the evaluation and review of safety cases but is applicable to all individuals who work in this field.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to.

Persons undertaking this unit work independently and as part of a team under direct and indirect supervision, and perform routine tasks in familiar contexts.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable

Competency Field

Compliance

Unit Sector

Not applicable.

Elements and Performance Criteria

ELEMENTS	PERFORMANCE CRITERIA
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.

1	**Access and interpret relevant risk assessment information**	1.1	Identify and consider relevant safety case risk factors
		1.2	Analyse obtained risk assessment information to determine relevance and application to the organisation
		1.3	Formulate outcomes of analysis and determine recommendations relevant to risk assessment requirements
2	**Apply risk assessment processes**	2.1	Apply risk assessment requirements and recommendations relevant to safety cases
		2.2	Assess, review and document effectiveness of recommendations
		2.3	Adjust and document recommendations for future application, as required

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

Non-essential conditions may be found in the Companion Volume Implementation Guide.

Unit Mapping Information

This unit replaces and is equivalent to DEFCP004A Apply knowledge of risk assessment.
