DEFEXO003 Establish and maintain the safety and security of explosive warehouses and workshops

Release: 2

DEFEXO003 Establish and maintain the safety and security of explosive warehouses and workshops

Modification History

Release 2. Modifications made to Foundation Skills and Assessment Conditions.

Release 1. This unit was released in DEF Defence Training Package release 1.0 and meets the Standards for Training Packages.

This unit supersedes and is equivalent to DEFEO202D Establish and maintain the safety and security of explosive warehouses and workshops.

- Unit code updated
- Content and formatting updated to comply with the new standards
- All PC transitioned from passive to active voice
- Element 1 & 2 merged
- PC 1.2 removed
- PC 2.1 & 2.2 merged

Application

This unit describes the skills required to enter and exit an ammunition/explosive ordnance storage area or facility in a remote or home base area. It includes the requirements to ensure that safety standards are applied and that security is maintained during the conduct of tasks within the facility.

This unit applies to those required to enter, carry out tasks in and exit an ammunition/explosive ordnance storage area or facility in a remote or home base area; and is required to maintain safety and security during entry, operations and exit.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to.

Those undertaking this unit would work independently and as part of a team, under direct and/or indirect supervision, use discretion and judgement, and take responsibility for the quality of their output. They would perform specific tasks in a limited range of contexts.

No licensing, legislative or certification requirements apply to unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

Explosive Ordnance

Unit Sector

Not applicable.

Elements and Performance Criteria

ELEMENTS

Elements describe the essential outcomes.

1 Prepare for and enter safely

2 Maintain safety during operations and exit of facility

PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.

1.1 Identify, and confirm requirement to enter an explosive ordnance storage area/facility

1.2 Conduct security and safety inspections and tests

1.3 Open and vent facility and safely enter

2.1 Identify and calculate net explosive quantity and compatibility and monitor throughout the operation

2.2 Conduct housekeeping and report maintenance needs

2.3 Update and maintain records

2.4 Exit safely and secure facility

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

Non-essential conditions may be found in the Companion Volume Implementation Guide.

Unit Mapping Information

This unit supersedes and is equivalent to DEFEO202D Establish and maintain the safety and security of explosive warehouses and workshops.
