Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- applying colour coding, markings, stencilling and labels
- applying compatibility/environmental constraints
- applying moisture absorption/sealing procedures
- applying operational safety
- calculating weight, volume and dimensions
- identifying explosives and packaging materials
- using relevant tools and equipment

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

Basic knowledge of:

- heat and/or vacuum sealing/moisture absorption/packaging procedures
- effects of environmental conditions

Operational knowledge of:

- explosives to be packaged
- colour coding, markings, stencilling and labelling requirements
- documentation requirements
- operation and limitations of packaging tools and equipment

- operational safety
- weight volume and dimension calculations
- work condition class
- unit load construction

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Candidate needs to complete at least one assessment using live explosives.

This unit needs to be assessed in an authorised and licensed potential explosion site.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
