Assessment Requirements for DEFEXO082

Apply a knowledge of explosives

Release: 2

Assessment Requirements for DEFEXO082 Apply a knowledge of explosives

Modification History

Release 2. Modifications made to Foundation Skills and Assessment Conditions.

Release 1. This unit was released in DEF Defence Training Package release 1.0 and meets the Standards for Training Packages.

This unit supersedes and is equivalent to DEFEO211D Apply a knowledge of explosive ordnance.

- Unit code updated
- Content and formatting updated to comply with the new standards
- All PC transitioned from passive to active voice
- PC 2.1 removed
- PC 1.3 and 2.2 reworded
- PC 2.3 & 2.4 merged
- Element 2 reworded

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and includes:

- adhering to relevant WHS requirements and operational safety
- analysing information
- developing work plans that incorporate explosives knowledge
- developing workplace documentation including reports
- solving problems

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and includes:

basic knowledge of:

- design principles of explosives
- explosives audit and inspections requirements
- inter-operability of explosives
- organisational role relevant to explosives
- specific properties of explosives including:
 - chemical properties

- material and structural properties
- physical properties
- weapon system and platform integration

Operational knowledge of:

- application of explosives
- effects of explosives
- explosives maintenance procedures
- explosives storage, handling and transportation requirements
- general properties of explosives
- safety, legislative and statutory requirements relevant to explosives

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations. Where this is not appropriate, assessment must occur in simulated workplace operational situations that reflect workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- acceptable means of simulation assessment
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
